

# DataCite

Find what you're looking for by searching millions of records with extensive, reliable metadata.

Share your data and reuse the data of others to create the highest impact in the research community.

Cite your research sources with confidence, and receive proper credit when your work is reused.

Connect your research: publications, datasets, software, authors, institutions, and funding data all in one place.

DataCite is a leading global non-profit organisation that provides persistent identifiers (DOIs) for research data.

Our goal is to help the research community locate, identify, and cite research data with confidence.

More than 40 members and 800 data centers assign DataCite DOIs.

We invite members from all types of organisations: data centers, publishers, libraries, funders, and others to join and support our data sharing mission.
